RECOMMENDATIONS FOR CHIP CATEGORY STRATEGY

Quantium Retail Analytics Team

APRIL 2026

EXECUTIVE SUMMARY

KEY RECOMMENDATION:

Roll out the trial changes nationwide, but only after:

1. Fixing implementation issues (Store 77 failed)
2. Targeting Mainstream Young Singles/Couples with Tyrrells & Twisties
3. Focusing on 270g-380g pack sizes

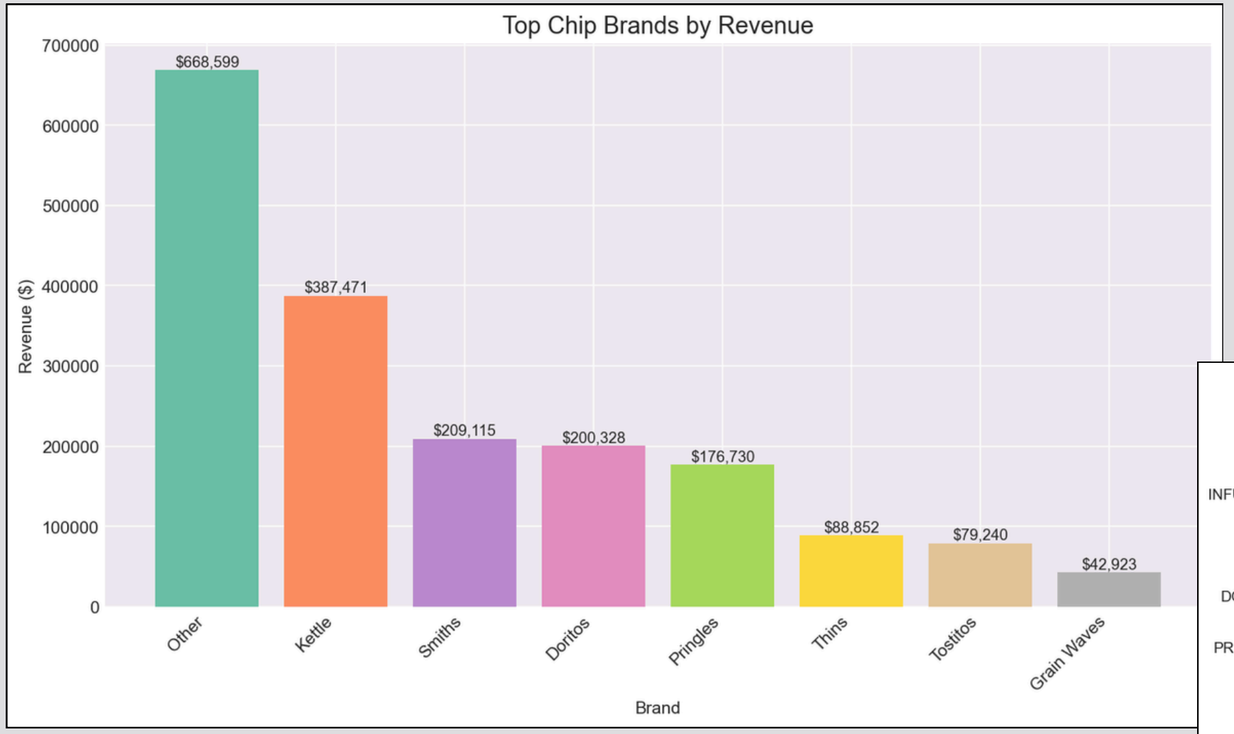
CUSTOMER SEGMENT OVERVIEW

1. Chart: Sales by Lifestage

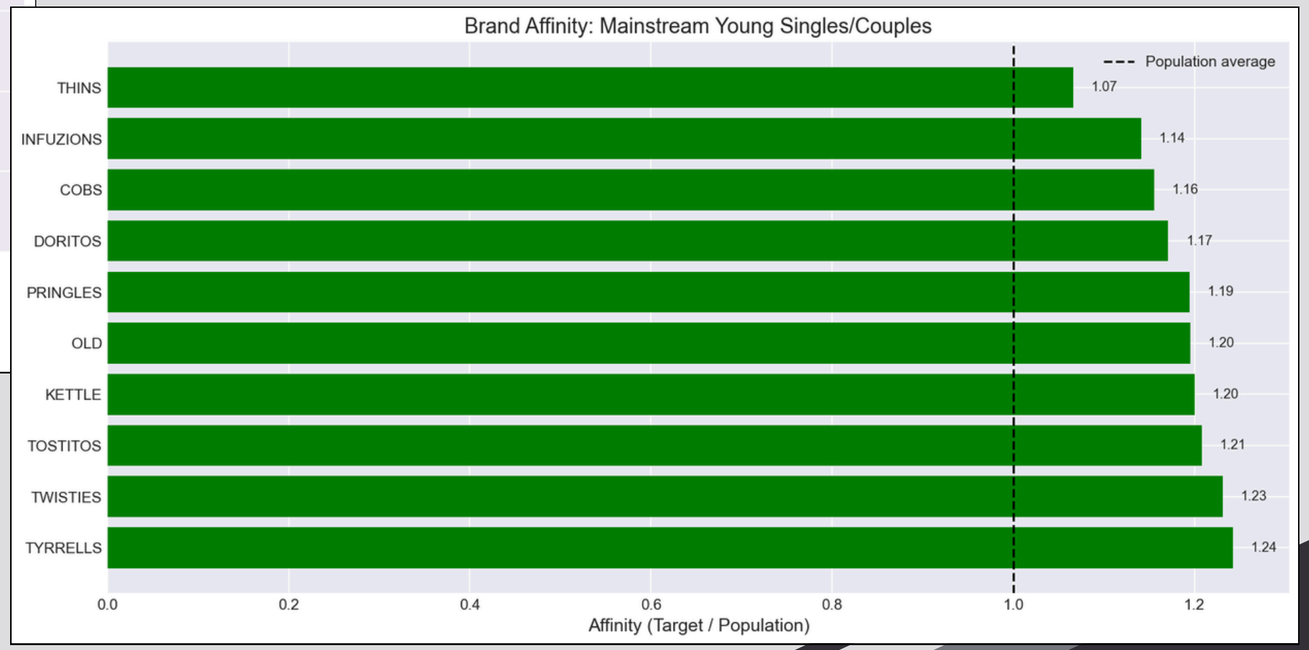
2. Key Callout: "Older Families and Young Singles/Couples drive 45% of total sales"
   - Insight: Mainstream customers spend more and are less price-sensitive

3. **Insight:** Mainstream customers spend more and are less price-sensitive

BRAND & PACK SIZE STRATEGY



KEY CALLOUT: "MAINSTREAM YOUNG SINGLES/COUPLES ARE 24% MORE LIKELY TO BUY TYRRELLS"

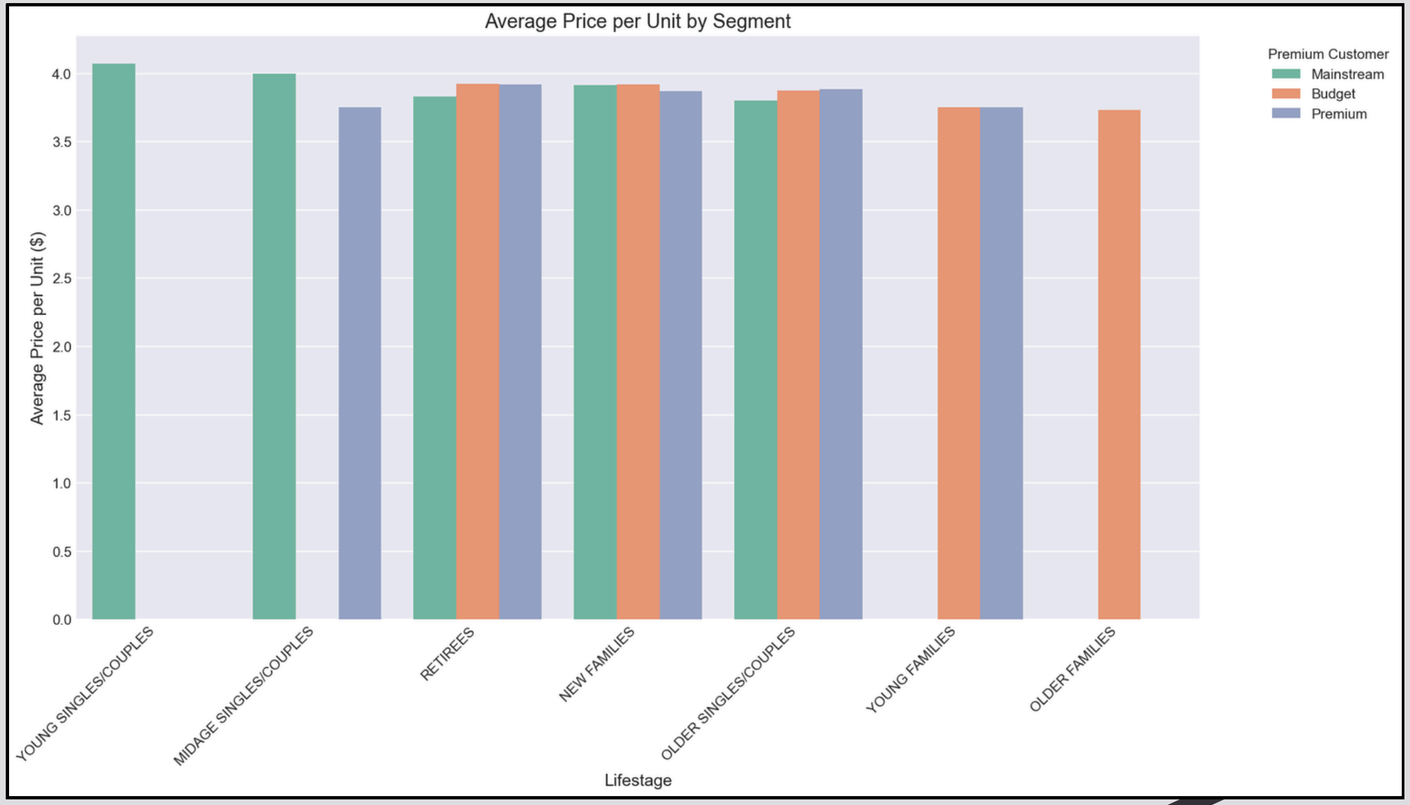


RECOMMENDATION: INCREASE TYRRELLS AND TWISTIES PLACEMENT NEAR THIS SEGMENT

PRICING INSIGHT

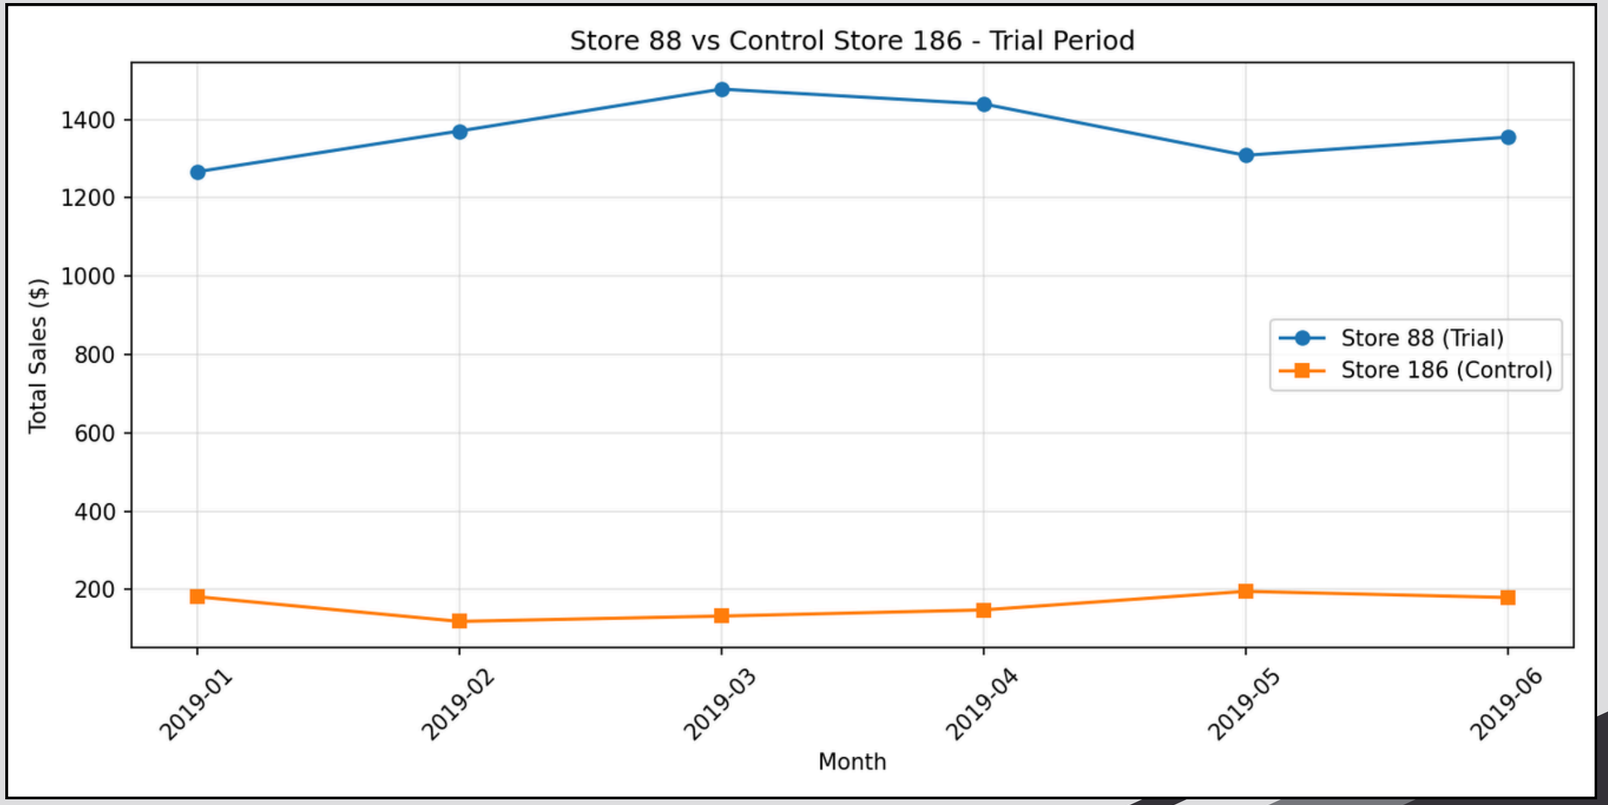
KEY CALLOUT: "MAINSTREAM CUSTOMERS PAY $0.35 MORE PER UNIT (P < 0.001)"

RECOMMENDATION: AVOID DISCOUNTING FOR MAINSTREAM SEGMENTS



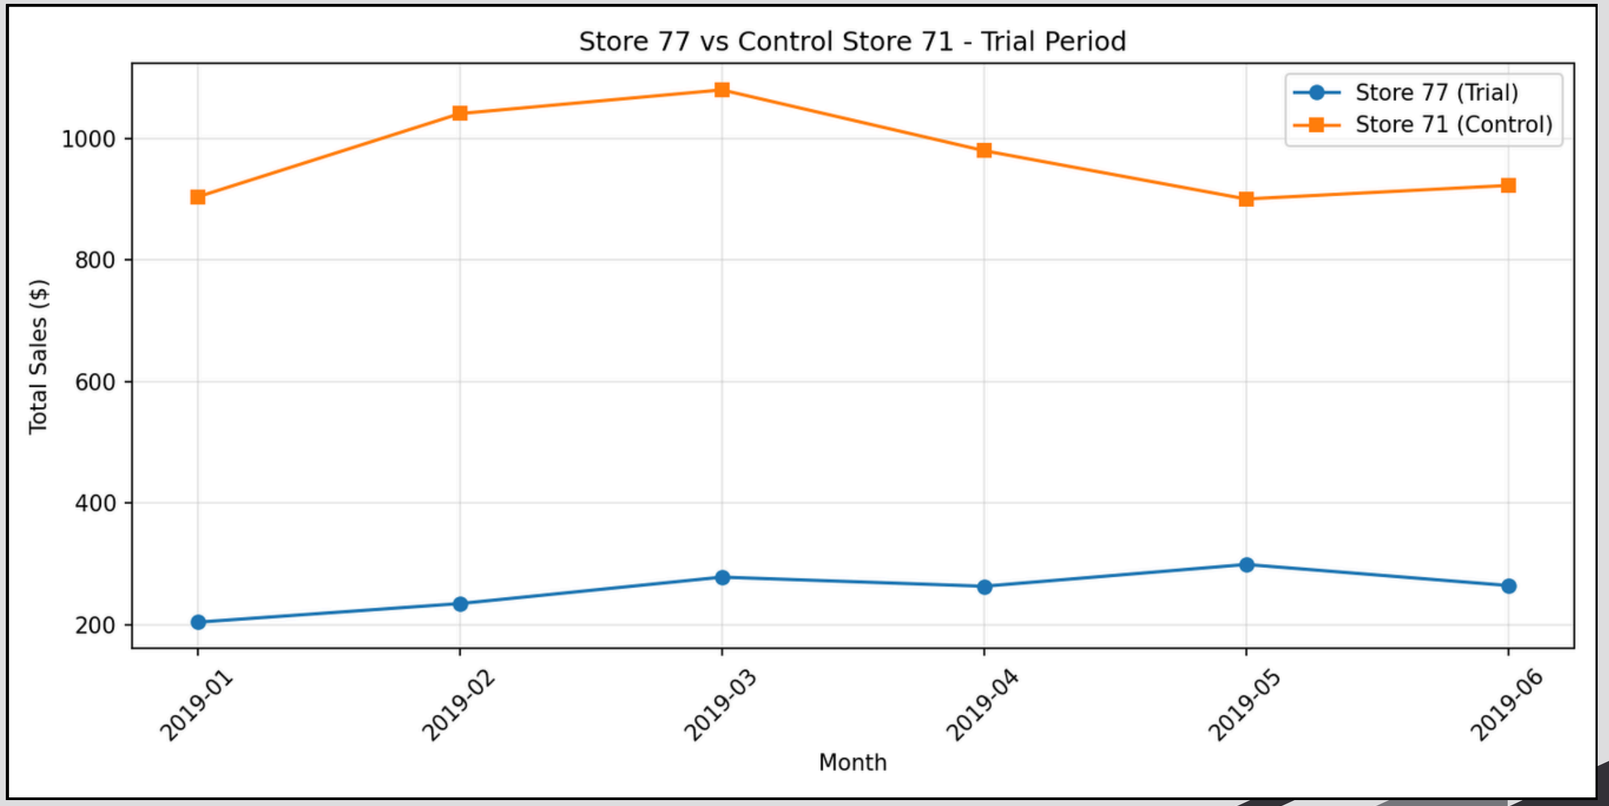
TRIAL STORE 88 (SUCCESS)

- Key Callout: "Sales increased 650% during trial period"
- Recommendation: Roll out changes to all stores



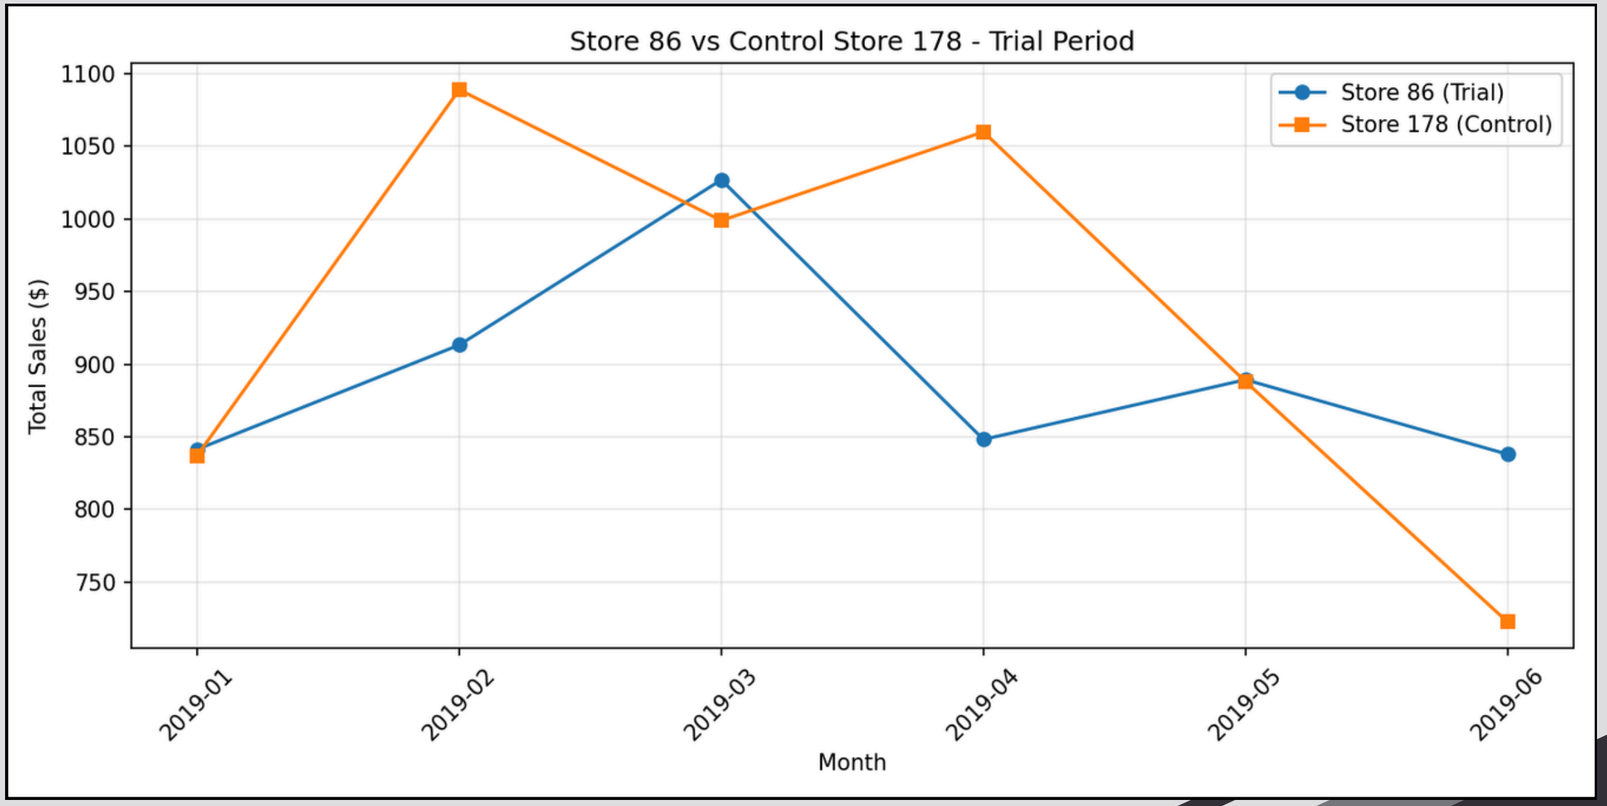
TRIAL STORE 77 (FAILURE)

- Key Callout: "Sales dropped 73% – implementation issue"
- Recommendation: Investigate and fix before broader rollout



TRIAL STORE 86 (NO CHANGE)

- Key Callout: "No significant difference from control"
- Recommendation: Verify trial was properly executed



FINAL RECOMMENDATIONS

1. ROLL OUT: Store 88 changes nationwide
2. REVERT: Store 77 changes immediately
3. TARGET: Mainstream Young Singles/Couples with Tyrrells/Twisties
4. FOCUS: 270g-380g pack sizes for high-affinity segments
5. PRICE: Maintain premium pricing for mainstream customers
